

Quantum Integrated Systems, Inc. Announces New Brand Name RealTimeExpress(tm)

On-line insurance software provider announces new brand name RealTimeExpress.

Carrollton, TX (PRWeb) April 14, 2007 -- Quantum Integrated Systems, Inc. a pioneer in on-line insurance software, announces the release of its new brand name RealTimeExpress.

"Quantum has blazed the trail for on-line insurance software for many years, and now we're taking it to the next level. Insurance agents now expect real-time quotes for commercial insurance," Mark Van Horn, President, said.

RealTimeExpress is a web-based, risk-qualifying, template underwriting, and real-time comparative quoting business application software developed for the property and casualty commercial lines insurance industry. It is a web-based quoting system that allows a Licensee a means of gathering insured information and providing multiple quotes with a single entry.

RealTimeExpress is capable of rating from any carrier offering web quoting, XML, Ivans, or from a local rating engine. The technology can even screen scrape a carrier's website.

About Quantum:

Quantum is a software development company with expertise in the insurance and financial services industry. The company has been operating successfully since 1991 and is based in Carrollton, Texas.
